

Acoustic solutions

We are all born with an ability to focus. But as much as we would like to retain that skill forever, life itself proves to be very loud, colourful and sometimes just too interesting for us to be able to avoid distractions forever. Being able to concentrate is something we need to fight for, especially in open offices. And the best weapon for winning that fight is not stronger coffee or cooler office perks, it's offering your employees a real chance to focus.

Lighting

Energy efficient LED lighting, 20W motion-activated units

Ventilation

25-30% more airflow than closest competitor

Glass door

13mm laminated acoustic sound control glass

Accessories

Supplied with UK plug and USB as standard

Safer working hubs

We've also made sure that our Silen hubs are made with medical grade antibacterial material options. So even at times like these, we can keep you completely safe.

Our HEPA filter makes this the safest and most convenient workplace in your office with 99.9% of bacteria filtered out every minute.

Our handles are coated with antibacterial coating.

The outside walls are covered with a medical grade antibacterial laminate.

Privacy can be difficult to find in a modern, open plan office. Silen 1 puts your workspace to most efficient use by creating an island of silence in an open office. The phone booth has one of the largest interior footprints on the market, featuring a built-in laptop table with a ferrous metal back, this acoustic pod is perfect for individual work and phone calls.

Telephone booth adequate for one person for a call or to work privately

Use the retractable castors to move the hub and level with the adjustable feet

Silent ventilation with air flow of 28L/S – up to 25% more than competitors

Interior dimensions of 900 x 1010 x 2050mm (WxDxH), ideal for a stool

CODE	W	D	H	STANDARD	CUSTOM	VENEER
S1	900	1010	2050	£18,500	£20,000	£22,000

The ability to create a mix of diverse workspaces means that an organisation can create balance for its workers, thereby optimising their potential productivity and output. Silen 2 is a stylish interior space element that separates the high focus work area from its more relaxed cousins. A perfect fit for a focused work session for two but can fit up to four people with no hassle.

Space 2 is ideal for a smooth dialogue between colleagues or a quiet study room

Up to 43dB lower inside with laminated, acoustic sound control 13mm glass

Supplied with power module of UK plug and USB as standard

Interior dimensions of 2200 x 1160 x 2050mm (WxDxH), ideal for 2 sofas and a table

CODE	W	D	H	STANDARD	CUSTOM	VENEER
S2	2400	1220	2290	£35,000	£38,000	£40,000

Acoustic hubs can be adapted and customised to fit your own office requirements, creating multiple working zones in one place. Silen 4 cosily fits four and up to eight people for an efficient brainstorming session or for a longer meeting that requires everyone to be on the same wavelength. Just activate the wheels and roll your workplace easily wherever you are in the mood.

More space for ideas with a wide range of furniture options to maximise your interior space

Motion activated 20W LED lighting that's energy efficient and helps your eyes perform at their best

UL 962 quality standard is recognised by all agencies and is a highly trusted safety and quality symbol

Interior dimensions of 2200 x 2360 x 2050mm (WxDxH), ideal for 2 sofas and a table, or meeting table and chairs

CODE	W	D	H	STANDARD	CUSTOM	VENEER
S4	2400	2420	2290	£50,000	£55,000	£57,000

It is increasingly important for employers to be able to create different zones for different types of work and each has a different acoustic requirement. Silen 6 comes with plenty of room for creative teams and working groups to embark on wild idea expeditions. The modular structure also means that you can quickly change your space size when you need it.

For thinking big with internal fabric and carpet options to suit your requirements

Shipped flat-packed in a crate with quick installation from our experienced team

Available with covid-secure anti-bacterial options and designed with your safety in mind

Interior dimensions of 2200 x 3560 x 2050mm (WxDxH), ideal for meeting table and chairs

About

Highly relevant in today's modern open plan offices, Priva workspaces are designed for those moments where personal space is required to focus on tasks with minimal noise and distraction. The solo booths are a great place for individuals to seek refuge away the busy, hectic office environment by creating a compact, secluded working area which is sometimes needed for a period of intensive work or concentration to finish off the job in hand.

Design can be easily extended with numerous configurations to suit any office layout

Retreat offering visual and acoustic privacy in open plan office environments

Ideal for private phone calls or as a quiet place to work for focused tasks

Square, hub, triangle and hexagonal shaped workstations to suit all styles

Two-tone acoustic fabric options with built in power to enhance office aesthetics

Fabric Finishes

6 weeks lead time

Too much interaction and not enough privacy has become a real issue for employees who need to concentrate or just take a break during the working day. Priva workstations bring a new level of flexibility to the office with versatile, individual cubicles to suit all working styles. Priva Rectangles are high tiered square booths designed to provide a high level of acoustic and visual privacy.

6 week lead time

The loss of private space and an inability to concentrate in an open plan work area has inspired the design of the Priva angles workstations which can be configured to specific needs and support individual work zones. The rich repertoire of geometric shapes can be positioned to suit defined spaces, allowing individuals to concentrate and complete focused tasks in a private space within the workplace environment.
